Firemen Asking Funds To Furnish New Fire House

Campbell Volunteer Firemen, who serve this community without pay, on a 24-hour day, seven days a week basis, need support of this community in their drive to raise funds to purchase furnishings for the new fire house on Central Avenue. To date, contributions and ticket purchases have failed to amount to more than a small percentage of the total needed for furniture and kitchen equipment.

Fire Department members have extended their thanks to those who have contributed $402.50 of the needed amount. Besides individual contributions, there have been donations from Maderis Food Center, Krug Memorial Chapel, Robert M. Wade, M. D., Hunt's Foods, Inc., Rutherford Funeral Home, Richfield Station, Seaside Station, Murray's Garage, Santa Clara Stove Company, Paul M. Werthman, M. D. Penhall's Barber Shop, Tony's Busy Bee, Jeffer's Men and Boys Wear, Curry Plumbing, G. E. Farley Real Estate, Fish's Garage and Nelson Grain.

DONATIONS NEEDED

Firemen moved into the new quarters last weekend, but considerable interior work is still to be completed before the dedication exericses on July 15. Included in the finishing work is the furnishing of the empty building. Donations from individuals and business concerns in this community are needed to equip the building which firemen hope will be completely furnished by the dedication date. Those persons who have not been called upon to contribute or purchase tickets for the special award at the dedication ceremony, are reminded that tickets may be purchased at Star Family Shoe Store, Jones Service Station, Humphrey and Zimmer Shell Station or from any member of the fire department.

Those who have not contributed are urged to do so as soon as possible, in order that the fire house will be completely furnished in a manner creditable to this community.

The entire town is invited to inspect the new firehouse and attend the dedication ceremony on July 15 at 2 p. m.

GIVE YOUR BLOOD FOR WOUNDED G.I. NEXT THURSDAY

Campbell residents are reminded that next Thursday, June 7, from 11 a. m. to 2 p. m. will be Blood Bank Day. The mobile unit of the regional Blood center will be set up at the Methodist Parish house on Campbell Avenue.

While quota for the day is a minimum of 75 pints, a great deal more is needed to aid wounded U. S. soldiers in Korea.

In the weekly bulletin of the 382nd General Hospital in Korea, appeared the following announcement recently: "Capt. Grant C. Johnson, Chief of Laboratory Service of the 382nd, has announced that the campaign for the donation of blood for use in the hospital will begin next week. Volunteers will report to laboratory during the next several days for blood typing, and as the need arises for each type of blood, volunteer donors will be called upon for their contributions. We of the 382nd who are caring for the battle casualties of the Korean campaign will be given this opportunity to donate blood which may contribute to the survival of victims of the battle against Communist agression . . ."

When men and women near the front lines are called upon for blood donations, it shows that someone at home isn't giving.

Bomb Manchurian Bases And China Say Veterans Just Home From Korea

Two veterans of Korean action arrived in Campbell this week, glad to be home and wishing fervently that their fellow G.I.'s, still in Korea, could come home, too. Although the two men come from different parts of the country their opinions coincided almost exactly. Each was interviewed separately.

Corporal David A. Dahl, son of Mr. and Mrs. Andrew Dahl of Campbell, has been in Japan and Korea for two and a half years. He was in Japan when the Korean trouble started and went over immediately with the 17th Regiment, the Buffaloes.

Pfc. Charles D. "Chauck" Conklin, 19, from La Salle, Michigan, is here visiting his close friends, Mr. and Mrs. Stanley H. Farmer of 401 Hawthorne Avenue.

Both agree that they and their felows in Korea feel the U. N. troops aren't getting any place. They don't know what they're fighting for." Certainly there is little to fight for in Korea itself. "There is not much left of the towns. It's a rugged country, nothing but hills and mountains."

DRASTIC ACTION NEEDED

Conklin, who was with the Second Infantry division, feels that "the only way we could get this fighting over with is to bomb China. We all feel there is a need for a definite plan of action, otherwise, the UN forces will just be going up and down the Korean peninsula from now on. The soldiers don't know what they're fighting for, but they do know that they're keeping the Reds away from the United States, and may be preventing a full-fledged World War III. I don't think there will ever be a decision unless we go ahead with drastic action."

The Michigan man, who served in Korea for 11 months, wears ribbons for the Purple Heart, UN forces with three battle stars, Korean action and the combat infantry badge. He wished all the men in Korea could return home. "I'd like the people in the United States to do everything they can to brnig the boys back home." Conklin was in a foxhole at dusk when he got his orders to return home on rotation. H had noticed a disturbance and, since the North Koreans tend to come out in the night to infiltrate and to attack, he waited with rifle ready. Suddenly, out of the dusk came a shout, "Hey Conklin, it's stateside for you". Conklin forgot about possible bullets from the enemy, let out a whoop of joy and jumped in the air. He and one other man in his company were on the rotation list.

Morale of U. S. troops in Korea is never stable. It travels up and down the two men stated. Dahl said it depends on who's circulating what rumor. "Korean civilians," said Conklin, "don't care whether they're occupied by the UN forces or the communitsts. When the

ORIGINAL DEFECTIVE

LETTERS TO THE EDITOR

Opinions expressed in letters to this department do not necessarily reflect the editorial policy of this newspaper.

On behalf of the American Legion Auxiliary Unit No. 596 of Campbell I want to thank the people of the Campbell Community for contributing so generously to the Poppy sales held here last Friday. I also want to thank the Press for their generous advertising of the sale.

Several people, especially the younger generation, asked about the origin of the Poppy sale, so for their benefit I would like to repeat the story in a few brief paragraphs.

The first instance of wearing poppies in honor of the war dead occured in New York City. Nov. 9, 1918, when Miss Moina Michael of Athens, Georgia, who was serving on the staff of the Y. M. C. A. overseas headquarters, distributed poppies to men attending the twenty fifth conference of the Y. M. C. A.

In June, 1919, during the homecoming of the 32nd Division in Milwaukee, a booth from which coffee and doughnuts were served was decorated with paper poppies. Passers-by began taking the poppies from the decorations and placing them in their button holes, leaving contributions on the counter in exchange for them. The booth was twice stripped of its poppies and several hundred dollars was contributed for the benefit of the returned veterans.

One of the women who decorated the booth was Mrs. Mary Hancey. Her experience at the booth gave her the idea that distributing poppies on the streets at the time of Memorial Day would be an excellent way for American Legion Posts to raise money so badly needed for service work among recently discharged veterans. She presented the idea to George F. Plant, a member of Post No. 1 in Milwaukee, and as a result this Post conducted a poppy distribution on the Saturday before Memorial Day, 1920, distributing 50,000 poppies and netting $5,500. This was the first regularly conducted Poppy Day on record.

For originating the idea of distributing poppies to raise funds for welfare work, Mrs. Hancey was awarded a Certificate of Merit by action of the Auxiliary's National Convention in Portland, Oregon, in 1932.

In the summer of 1920, Miss Moina Michael, then returned to her home in Georgia, interested Georgia members of The American Legion in the idea of wearing poppies in memory of the dead. As a result of her efforts, the Georgia Department of the Legion adopted the poppy as its memorial flower at its Department Convention in August, 1920. The Georgia delegation took the idea to the Legion's National Convention in Cleveland in September, 1920, and there the poppy was adopted as the national memorial flower of the Legion.

When the American Legion Auxiliary held its first National Convention, in Kansas City, Missouri, in October, 1921, one of the first actions was to adopt the poppy as the Auxiliary's memorial flower.

The crepe paper poppy was selected as the official poppy of The American Legion and Auxiliary because it provided the maximum of work for the disabled men, with the minimum expenditure for materials. The fabric poppy was considered, but it was not selected because making this poppy would not provide sufficient employment for the disabled veterans.

The poppy-making has a beneficial effect in addition to the money it enables the veterans to earn. The hours for sick men in the hospital are long and monotonous. In idleness their minds are prone to dwell on the hardships of their families or on their own disabilities. Mental depression inimical to recovery results. But men whose fingers are busy with bright red poppy petals do not give themselves up to depressing worry. The hours are made shorter for them and they are given a new interest in life. The occupational therapy departments in the hospitals recognize the poppy work as having high therapeutic value.

Veterans with any form of communicable disease are not permitted to make poppies.

By 1924 it was seen that the poppy program lent itself more naturally to the work of women than of men, and The American Legion gave the Auxiliary complete charge of the national program.

All money received from the sale of the poppies is used solely for veterans' work. "The Poppy Fund" is kept in a separate fund from the general fund. So, to the people of Campbell who wore the veteran-made red crepe paper poppy last Friday, you have made it possible for the American Legion Auxiliary unit of Campbell to carry on our very important program of rehabilitation and child welfare for another year. Not only to do our work in the Palo Alto Veterans Hospital, where we have "adopted" an entire ward, but also to assist our own needy veterans and their families right here in our own community.

Thank you,
MRS. REX K. FULLER
Unit Poppy Chairman
for 1951.

Dear Editor:

There is to come up in the State Senate in June a very trickily worded and undemocratic bill, S. B. 1671, introduced by Senator Burns, in behalf of the financially powerful medical and chemical interests. This bill provides for the "humane use of laboratory animals."

The wording of the bill is meaningless, because it authorizes the State Board of Health (a group dominated by the State Medical Society) to amend, change, or regulate it in any way they see fit. Thus the very people who got the bill introduced have the power to change it after it is passed and also to carry out its provisions. Thus the bill is undemocratic for it gives all power to a commercial minority, providing for no representative from other large groups of people who have no selfish interest in animal experimentation.

Records of medical societies have proved that experiments on living animals are often atrociously cruel and there is widespread public indignation. Yet it is these same experimenting groups who can do just as they please if this bill is passed.

The State Medical Society maintains a powerful lobby in the State Capitol. Are we going to more and more surrender to those commercial interests who have the money to push their selfish interests? Meanwhile we send our sons abroad to die for "democratic principals."

Those who wish this bill defeated should write their Senators about it, courteously requesting them to do all in their power to defeat it. If you are in doubt about your Senator's name, call your newspaper office for the information. This same type of legislation has just been defeated in the House of Representatives in Illinois. Are we less awake?

Cordially yours,
LOIS BANFIELD

How to make good telephone service even better....

You speed Long Distance service when you place your call by number

In these busy telephone days, when so many calls that help build our nation's strength are going over Long Distance lines, you'll find your operator can give you much faster service on your out-of-town calls if you give her the number you want rather than just the name and address. That way, you see, you won't have to wait while she calls "Information" to get the number you're calling. So why not start your own out-of-town number list right away?

best way to keep out-of-town numbers is in a handy booklet, kept near your telephone. One way to get the numbers is by asking your friends for their number whenever you're in touch with them.

The GRAB BAG

By JIM McIVER

We're sorry to report that the black market in meat is sure going full speed ahead. This week's quotations average 5c pound above ceilings. That's twice what it was last week! And what about next week? Well, it's a safe bet things will be worse.

RATIONING?

Now we're going to stick our necks way out on a prediction. We bet our last shirt that within 60 days you folks will either have an unrestricted black market or meat rationing for sure. Some choice isn't it? Hate to be so gloomy about the situation but that's all we can see in the crystal ball right now.

GOODBYE CREDIT!

We kind of thought credit was a real important part of our economic system. But some folks don't figure that way—meat packers, for instance. Seems like they all got together a few days ago and decided it's going to be "cash on the barrel head" from now on.

Maybe you folks don't realize what this kind of a deal means. But let's say all of a sudden you had to do without credit. You might have to get along without your house or car before long. Even groceries and clothes might have to wait sometimes. Fact is, it would be kind of a tough life for lots of people.

PRICE HIKE IN BLACK MARKET

That's the way it is with small businesses, too. So if this keeps up, look out for a first rate general economic upheaval, including a right serious drop in the stock market.

SURE, YOU CAN HELP!

Just like we've always said, you folks can really knock the props right out from under this black market in meat—if you want to bad enough. That goes for the packers' credit rules, too. Both schemes mean less meat at ceiling prizes or below.

All it takes is for people all over the country to go real easy on buying meat for the next 60 days. The black market would soon only be kind of a pale shadow of its former self. And what's more, you'd see black market salesmen looking for honest jobs.

How about getting together on this? Lots of people are already with us, but we need more help.

MEAT, WHAT'S THAT?

It makes our meat business kind of shrivel up, but we positively refuse to buy on the black market. So it looks like a very short supply ahead for us—and for you folks, too, I guess. Haven't seen some cuts of meat for so long we might have to get out the book and study up a bit if they ever get on our counter again. Anyhow, we'll still try to give you specials cials whenever we're lucky and can find a supply at legal prices.

* * * *

Been getting lots of requests lately to be open evenings so you folks can get ice ice cream. So, from now on, Western will be open daily till 9 p.m. and Sunday 2 p.m. to 9 p.m. That's because we want to make things just as handy as possible for our customers.

BIG SURPRISE COMING UP!

Hold your hats—and watch the paper closely. Western has cooked up a big surprise for all our friends and customers. We can't say what it is just yet but it's going to save you money. So keep your eyes peeled!

SERVICE NOTES

DISABILITY PENSION

According to the Santa Clara County Veterans Service Officer, there are many veterans of World War I and World War II who may be eligible for a non-service connected disability pension of $60 per month. The law provides that a veteran must have had 90 days or more of honorable service and be suffering from infirmities of old age, severe physical disability or a disease that renders him unable to folow a gainful occupation, not due to his own misconduct. The law also sets an income limitation of less than $1000 a year for a single man, or less than $2500 a year if married.

A medical statement from the veteran's private doctor shownig the veteran's physical condition must be submitted with the application, or the Veterans Administration will not consider the claim.

GI TRAINING

John W. Davis, county veterans service officer, also reminds World War II veterans that deadline date is July 25, 1951 for GI training under PL 346.

Prisoners of War: On April 5, 1951 the President signed into law the bill extending to March 31, 1952 the time within which prisoners of war may file claims under the War Claims Act of 1948. There are more than 30,000 former P. O. W. who have not filed for the $1.00 per day in lein of substandard rations while prisoners of the enemy.

STATE BONUSES, DEADLINE DATES

Connecticut and Illinois—June 30, 1951.

Oregon Bonus applications will be available about September 1951.

West Virginia applications will be available after July 1, 1951.

Contact your Santa Clara County Veterans Service Officer at 215 North First Street, San Jose, California.

HOSPITAL PRIORITY

The priorities which govern admission to a Veterans Administration hospital have taken on increased importance to veterans in Santa Clara County because of the aggravated shortage of VA hospital beds in California, according to John W. Davis, Veterans Serivce Officer.

He pointed out that the Army and Navy hospitals which used to provide a limited number of beds for veterans have been forced to allocate nearly all their facilities to members of the greatly expanded armed forces of the nation, including the wounded returning from Korea. In addition, the VA is also committed to caring for servicemen with certain types of diseases or injuries, thus temporarily reducing its own capacity to care for veterans.

First priority on VA hospital beds is assigned to veterans in need of emergency hospitalization. Then come the veterans requiring hospital care for a service-connected disability. Finally, and only if and when beds are available, come veterans requiring hospitalization for disabilities or maladies not connected with their military service.

In all cases, authorization to enter the hospital must be obtained in advance, Davis emphasized.

He added that there is no provision whatever for VA hospital or medical care for the dependents of veterans. Under certain conditions, however, the dependents of men now in the service may be eligible for Army, Navy or Air Force hospital and out-patient care.

Notice is hereby specifically given that a question of law is now pending involving the determination of the exact boundaries of Campbell Union School District, including the question of whether or not a portion of Campbell Union School District as the same existed January 1, 1950, has been included within the City of San Jose by election held on February 23, 1950, and therefore by the same proceedings excluded from Campbell Union School District. That certain area within the boundaries of Campbell Union School District commonly known as Bradley Manor No. 3, more particularly described in the Certificate of Annexation filed by the City of San Jose in the office of the Secretary of State on April 6, 1950, and as described in that certain Affidavit of Completion of Annexation by the City Clerk of the City of San Jose and filed for record in the office of the County Recorder of the County of Santa Clara on the 11th day of April, 1950, bearing Recorder's serial number 631340, was annexed to the City of San Jose in and by said proceedings which are hereby referred to and by reference incorporated herein and made a part hereof.

The said area described in said annexation proceedings is all included within Election Precinct No. 4, hereinabove referred to and constitutes a separate election precinct for the purpose of the Special Tax Increase Election hereby called.

If it be finally determined in the proceedings now pending in the Superior Court of the County of Santa Clara, entitled, "Chadwick M. Morin and Frances M. Morin, Plaintiffs, v. City Council of the City of San Jose, et al., Respondents, Philip L. Olson, and Dorothy L. Olson, Intervenors," No. 76097, which proceedings are hereby referred to and by reference incorporated herein and made a part of this Notice of Election, that said area was not legally annexed to the City of San Jose and said area does not constitute a part of the San Jose Unified School District, the votes cast within said Election Precinct No. 4 shall be counted as legal votes for or against the authorization to increase the tax rate, as the case may be, and thereafter, for the purposes specified in said Special Tax Increase Election if authorized at said election, said increase in the tax rate may be levied upon the taxable property in said area with like force and effect as though the same were a part of the Campbell Union School District.

If it be finally determined in the proceedings hereinabove particularly described that said area was legally annexed to the City of San Jose and said area does constitute a part of the San Jose Unified School District, the votes cast within said area at said Special Tax Increase Election shall be disregarded and none of the property within said area shall be taxed for the purposes for which said Special Tax Increase Election is called.

The said election is to be held in accordance with the provisions of the Education Code of the State of California, governing said elections.

The governing board of the school district shall meet on the seventh day after the election at its usual meeting place at 8:00 o'clock P. M. and publicly canvass the returns.

IN WITNESS WHEREOF, we have hereunto set our hands this 10th day of May, 1951.

Sport Shorts

By JERRY THOMAS

CINDER CURTAIN . . . For the second consecutive year, the Campbell high school varsity track and field team missed copping the Santa Clara Valley Athletic League championship. It was a bitter pill for Coach Junior Morgan to swallow because like us we're sure that the amiable, youthful coach thought he had the winning combination.

But as is the case in all sports, form charts, opinions, and past performances mean nothing. It so happened that Santa Clara got there firstest and swipe the mostest, namely 62½ points worth.

Generally speaking, the Bucs enjoyed a highly successful season on the cinder paths. Especially when one consideres the fact that Coach Morgan had none in the field events throughout the year, particularly the weights, shot, and pole vault. The Bucs would amass a big margin on the track and then keep their collective fingers crossed lest those unchallenged events prove damaging.

Whatever success the Bucs enjoyed in the past, every meet next year will be a horse of a different stall. In one word we can pin Campbell's only hope of maintaining track respect . . . rebuilding.

Morgan faces one of the biggest jobs of reshaping and rebuilding that ever smacked a prep coach between the shoulders.

Every Buccaneer that placed in the SCVAL varsity finals, with the exception of Sonny Musladin, is a senior and will not be around come next season. Help, a great deal of it, will have to be furnished by the lower divisions. Although the B's didn't do so hot they'll supply a duo of speedsters that may give Campbell one of the best relay teams in school history. Marvin Allen and Dennis Dunne more than held their own in B competition possess potential plus that should be developed by next spring.

Naturally, Musladin is counted upon for big things. This trio of dashmen will be joined by Ed Foglia who habitually won his dashes in the C class. Morgan regards Foglia as one of the sincerest, most conscientious men on the squad.

Mention the mass departure of talented seniors and Morgan frowns justifiably but casually mention the aforementioned quarter of returning speed burners and Morgan can't help but lighten up a degree or two.

TEAM CAPTAINS NAMED

Just prior to the SCVAL finals, the local squad voted captains for each class. Howard Kaeding, flash hurdler, was named captain of the A's. Dunne, bespectacled, stocky lad, was voted captain of the B group and Ike Stevens captain of the C's. The D clan gave the honor to Dick Takaka.

AND THE LIGHT SHINETH

Everything was not dark for the home forces despite the fact the scoreboard ran against the Bucs. tain of the B's recalls Ike's natty Mentioning Ike Stevens as cap- appearance at the meet.

Unlike the other athletes that wore white sweat socks and black shoestrings, Stevens, crew-cut and all, was in a category all by himself.

He showed up garbed in the conventional Buc track dress, with the exception of his shoes and socks. It is difficult to describe the actual color of the socks. We guess they were shocking pink, the fluorescent type that yell, "Here we are." To offset that slightly odd pair of socks, Ike had his shoes tied with a pair of chartreuse shoestrings ... If you couldn't hear Stevens coming, you sure could see him a mile or two away, but for sure.

BASEBALL BROWSIN ... Five Buc baseball seniors are keeping in trim for the soon-coming tryouts for the annual North-South All-Star game to be held at Municipal Stadium. The quintet of hopefuls are Duane Burrows, Stan Gazay, Nick Tersigni, Sonny Walters, and Johnny Perata. If any of them attain the prominence and stature held by another Buc, it'll be an indeed an achievement of the first class. John Oldham, ex-Campbell pitcher, was voted the game's most outstanding player last year, by striking out eleven batters in only four innings of duty.

Incidentally, a recheck of the official batting averages in the SCVAL reveals that Perata finished the season with a mark of .500 on 10 hits in 20 trips instead of an average of ..450. The only other Buc batsman in the top ten was Stan Gazay who hit .375 on 12 hits in 32 times at bat.

SELECTION SUGGESTIONS

While chatting with George Miskulin, Buc diamond boss, we were given his version of how the Valley All-star team should be picked. Instead of having some city paper call each coach for his first string league selections and making the line-up accordingly, Miskulin believes that the coach should make his own list. On this list he would name the players on his own squad who were outstanding at any given position. Upon composing his roster, the mentor would then mail a copy to each coach in the league.

After every coach nominated his roster, the ultimate all-star team would be selected from each school's list of candidates. This way, a coach votes the players with whom he is familiar, his own. He lets men he saw play only once a year be picked by their coach who watches them continuously.

Miskulin's ideas are sound and noteworthy and should be food for thought for the league moguls. But like all other logical suggestions and brainstorms, they'll find their way to some bottomless wastebasket and we'll continue selecting all-this and all-that in such a haphazard fashion.

Four Teams Stay Unbeaten In Local Sr. Softball League

For the second consecutive week, the Campbell Softball League featured a doubleheader of tight pitching followed by an old-fashioned slugfest Monday night.

In the lid-lifter, VFW eked out a close 2-1 win over the Independents. Changing tempo real quick like in the second tussle the Jr. Oddfellows outlasted Jr. Chamber of Commerce, 11-10, in a merry walkathon.

No games were played Wednesday night due to the holiday.

The loop opened the lengthy summer schedule last week with Campbell Hardware edging Netops, 3-2, and Calado Studios overwhelming the Independents, 16-5.

Monday night's games find the Oddfellows playing the Independents and VFW facing Calado. Wednesday evening Campbell Hardware vies with the Jr. Chamber of Commerce. Netops drew a bye.

Only five hits were garnered by both clubs Monday as VFW's pitcher Danny bested Hurler Atasi. The winners scored their two runs in the third on one of three hits plus three walks. The Independents jumped into a short-lived lead in the second stanza. Rightfielder Lyons doubled and tallied as Catcher Miller punched a single into left.

VFW	2	3	0
Independents	1	2	0

A total of 20 walks highlighted the Oddfellows' strolling win over the Chambermen. The winners trailed, 8-5, going into the final frame. But two hits, fourblossed walks, and one appreciative error netted six juicy runs.

Cof C refused to play dead in its half. They tallied two runs but found themselves one marker short as the third out was registered.

The Oddfellows used two chuckers, Weltz and Harris, and between them they issued 16 passes without fanning anyone. Hooper, the winning pitcher, was almost as wild, passing nine while strikout four.

Jr. Oddfellows	11	5	0
Jr. Chamber Com.	10	8	2

The first game of the season found Campbell Hardware's Ellison pitching two-hit ball against Netops. In fact, Boydston, the losers' hurler also hurled two-hit frame. But two hits, four blessed club's nits, one a homer with a mate aboard.

The pots-and-pans crew scored in the second on both of their hits and a walk.

A big seven-run rally in the second enabled Calado to coast to its easy win over the Independents. To assure the win the camerman put together a six-run spurge in the sixth.

Kiwanis Meets Rotary Wednesday Night In Service Clubs' Annual Softball Battle

The local softball game of the year—the annual Kiwanis-Rotary battle—takes place Wednesday night at 7:30 o'clock on the grammar school diamond.

With both camps anticipating certain victory, as was the case in last season's 10-all tie, something new has been added. Unlike last year, when only personal pride and love of winning dominated the scene of play, the players are deeply concerned with a post-game feast. Every player of the losing club will have to treat his victorious counterpart to a full-course dinner, napkins and all.

Cel Gerevas, manager of the Rotary Rumplestiltskins, said his crew is out for blood. Considering the condition and tender age of some of the youths, claret may flow after all.

Rotary's Roster

Gerevas and Dave Sanders, mentor of the Kiwanis Kueties, announced their line-ups earlier this week. Tentatively set, the following ten will take the field for the Rotarians: "Broken Arm" Gerevas, pitcher; Doby "Yogi" Jeffers, catcher; Leonard "Pappy" Baptist, first base; Tony "Limpy" Raffanti, second base; Homer "Flash" Hyde, third base; Mario "Babe" Saia, shortstop; Fred "Gazelle" Jones, Jr., left field; Bill "Safeway" Maderis, centerfield; Frank "Bill" Arcardi, right field; and Doc "Lovely" Arends, buck field.

Part of a strong bench ready for instant service are utility men Cliff "Cuddles" Cassiday, Bob "Slicker" Hicks, and Bob "Aly Kahn" Jasmine.

Kiwanis Krew

Not to be outdone is Sanders' impressive array of potential stars of yesterday and yesteryear. Scheduled to start for the Kueties are "Slim" Sanders, pitcher; Clarence "Crawlin" Nelson, catcher; Milt "Blackie" Nelson, first base; Joe "Gabby" Gomes, second base; Henry "The" Jewel, third base; Carl "Leadinpants" Field, buck short; Gilbert "Carry-um Out" Krug, shortstop; Art "Money Bags" Mayo, left field; Everett "Snacthem" Nelson, center field; and Budd "Straddles" Levenberg, right field.

Benchwarmers include Jim "Slivers" Arends, Bill "Pills" Means, Bill "Campbell Soup" Henley, and Red "Roughridum" Beltz.

It is interesting to note that both managers are set to open on the mound for their respective teams. Gerevas announced that he will have two competent coaches to run things while he is resting between hill chores, Norman Stoner and Hans "Del Monte" Hansell.

Faculty Nine Battles Varsity to 10-all Tie

Everyone was happy but none was content as the annual Campbell high varsity-faculty baseball struggle ended in a five-inning 10-all standoff last week on the Buc diamond.

Evidently the old men of the books couldn't last a full nine innings and wisely arranged for only a five-frame game.

Bert Robinson, basketball coach, hurled for the faculty with all runs being well earned. His opposing mound foe, Jay Probst, also went the full distance.

George Miskulin, diamond mentor, showed his charges that he hasn't lost all his playing prowess by getting two for three, including a homer.

Robinson aided his cause by collecting two safeties, on a bleeder in three trips. Jim Muri accounted for one solid single.

Pacing the varsity hit-parade were Stan Gazay and Duane Burrows. Each hit home runs with the bases empty.

civilians are behind the Red lines, they're good Reds, and when the UN is occupying their area, they support UN forces. The natives have fought us with the rifle and machine guns we have given them."

"Some men in my outfit were trapped behind enemy lines," he said, "and the Couth Koreans charged them $50 for a bowl of rice.

Conklin, who will go to Fort Custer, Michigan, for re-assignment at the end of his 34-day furlough, said the men hated to see General MacArthur leave, "but General Ridgeway is just as good, I think. Ridgeway was head of my division in Korea and he's swell."

Dahl's statement seconded Conklin on the MacArthur controversy. "Many of the men didn't like MacArthur's dismissal. They want to get it over like he does, and most of them agree with him that we must bomb the Manchurian bases." The men like Ridgeway, the new Supreme Commander, but think that MacArthur is more capable than anyone else of fighting the Korean war. He is given great respect for his knowledge of the Far East."

Dahl wears ribbons for the Bronze Star, Good Conduct, Korean campaign with three battle stars, UN forces and Far East occupation, plus the combat infantry badge. He was in South Korea last September when he won the Bronze Star for bravery under fire.

He has been with the troops which have advanced and retreat-insula, but the worst experience ed, up and down the Korean penhe endured was last winter. He was near the Manchurian border last November when the thermometer hung around 45 degrees below zero. "Many of us didn't have our winter clothes. They were dropped to us by air shortly afterward."

The Koreans who served with the UN forces are good fighters, he declared, and the Red Chinese are fanatics.

Corporal Dahl, like Conklin, is glad to be home and hopes he won't have to go back, "but I'd rather go than see a lot of the youngsters go. I have a kid brother, 15, and wouldn't want him to go over there." Dahl is in his early 20's.

Dahl will report to Ford Ord at the end of his furlough to help train other G. I.'s for the job in Korea.
